Leadership

President

Monroe Corps

Monroe, NJ

9/2019 - 6/2021

- Educated high school students from grades 9-12 on financial literacy and managing money through hands-on learning experiences
- Coordinated with 3 teachers to design a curriculum for students to improve fiscal literacy, budgeting skills, and decision making
- Organized 2 meetings with members each month to help students understand financial concepts

Brand Ambassador

Uplift Humanity

Hyderabad, India

9/2019 - 6/2021

- Contributed 432 hours of volunteering services to empower juveniles and orphans at a juvenile detention center in Hyderabad, India
- Partnered with peers to teach programs focused on behavioral improvement and vocational skills for 2 weeks
- Facilitated 10 different workshops and mentorship sessions to help break the cycle of recidivism

Projects

- **Blockchain:** Blockchain with proof-of-work and consensus algorithms using Python, Flask, and Postman
- **Cloud Home Lab:** Launched AWS VPC using Terraform, Nessus, and Splunk for Cybersecurity and Cloud Computing mastery
- **Advanced Keylogger:** Encrypts logged keystroke and clipboard data, emails logs to a secure address, and deletes traces
- **Password Manager:** Utilizes encryption to protect stored credentials and features a GUI built with Tkinter
- **Nexus AI:** Integrates OpenAI API into a chatbot to process user input and stream responses back to the user
- **Grade Calculator:** Excel tool to calculate final grades, apply weights, and drop grades using formulas, data validation, and charts
- **Crypto Analytics:** Analysis of trades and strategies across chains via pivot tables, charts, and VLOOKUP
- **Tableau Dashboard:** Leverages visualizations, dashboards, and story panes to present trends/insights on profit and sales data
- **Portfolio:** Modern website built with HTML, CSS, and JavaScript featuring individual project pages and media queries
